**Petaling Jaya, 6 December 2021** – Leading township developer, LBS Bina Group Berhad has once again clinched the Top Ten Developers Award 2020/2021 at the BCI Asia Awards (BCIAA) last year. This award serves as a great acknowledgement to LBS as an exemplary property developer in Malaysia and South East Asia. This marks the fifth time LBS received the recognition.

With the rising number of daily COVID-19 cases, the Full Movement Control Order (FMCO) came in place in May 2021 to ensure that daily diagnosed cases will be reduced and to protect public safety. Hence, the originally planned BCI Asia awards 2020 dated on 19 June 2020, was postponed and rescheduled to 3<sup>rd</sup> December 2021.

The Top 10 developers of 2020 were handpicked based on the extent of their projects' sustainability. It is positioned as the most coveted award for architecture, developers, and construction sectors across Southeast Asia namely, Hong Kong, Indonesia, Malaysia, Philippines, Singapore, Thailand and Vietnam. The Award is now in its 17th year since its inception in 2003.

“The objective of sustainable housing is to elevate living standards while providing Malaysians with the opportunity to own their dream house with enhanced social unity, well-being, economic growth and social improvement. Sustainability considerations are factored into the entire life-cycle of our developments, from concept design to construction and building management such as KITA Mekar, KITA Mesra, Residensi Bintang Bukit Jalil, and Prestige Residence, which are the recently launched projects” said LBS Bina Group Berhad Executive Chairman, Tan Sri Lim Hock San.

“The year 2020 has been a challenging one, not only was LBS able to pull through, but the team’s hard work and perseverance managed to position LBS as the top 10 developers. For that, I am

truly gratified and would like to extend my special thanks to BCIAA for consistently recognising our efforts and awarding LBS with the Top 10 Developers Award. We believe during this pandemic times, affordable housing with exceptional built quality is the recipe to success. As we approach the end of the year, our focus will continue to be driven towards providing affordable homes and creating green and sustainable living, working and recreational environments for all Malaysian homebuyers,” Tan Sri Lim Hock San said.
