
GROUP SUSTAINABLE PROCUREMENT POLICY

1. INTRODUCTION

LBS Bina Group Berhad ("**LBGB**" or "**Company**") and its subsidiaries ("**LBGB Group**") recognises the importance of Sustainable Procurement Policy and its increasing relevance to the Company's businesses. The purpose of this Policy is to support the LBGB Group's overarching strategy and ensure that employees involved in the procurement of goods, services and works throughout the LBGB Group consider appropriate environmental, social and economic factors in the procurement practices.

Procurement plays an important and wide scope in role from the daily administrative needs to the completion of the developments. This Policy serves as a guide for the LBGB Group's procurement activities as well as the procurement practices of LBGB Group's supply chain partners conducting business with and on behalf of LBGB Group.

Sustainability can be incorporated into the whole procurement practices by assessing and defining the need, evaluating options, design and specification, supplier selection, tender evaluation, post-contract management and supplier development.

In line with the 17 United Nations Sustainable Development Goals ("**UN SDGs**") and LBGB Group's commitment to reduce the environmental and social impact and promotion of local suppliers, LBGB Group has established this Policy to guide the businesses and strive for sustainability across every function, including sourcing goods and services.

2. OBJECTIVE

The objectives of this Policy are amongst others, to ensure that LBGB Group's operations are more sustainable and ethically and financially sound by:

- a) Complying the laws and regulations in Malaysia;
- b) Endorsing highest standards of economic, social, ethical, and environmental practices into the sustainable procurement process;
- c) Identifying and moderating risks associated with the procurement practices;
- d) Communicating this Policy with internal and external stakeholders and raising awareness among the employees and suppliers; and
- e) Prioritising suppliers and/or business partners that are committed to similar cause.

3. SCOPE

This Policy is applicable to LBGB Group's employees and external stakeholders such as supplier, vendors and business partners. Supplier is the upstream entity from the organisation (i.e. in the organisation's supply chain), which provides a product or service that is used in the development of the organisation's products or services such as consultants, contractors, distributors, independent contractors, licensees, manufacturers, primary producers and sub-contractors.

In accordance with LBGB Group's commitment to the best practice on sustainable procurement, LBGB Group also expects its external stakeholders to aspire to the same standards in their business operations, including but not limited to LBGB Group's commitments.

LBGB Group favours/prioritises suppliers which observe this Policy or who are in the process of adopting the same.

This Policy makes reference to, and shall be read together with the following policies:

- a) Environmental Policy Statement
- b) Human Rights Policy

4. COMMITMENTS
